

# CT200™

## Continuous Motion Cartoner

### FEATURES AND BENEFITS

- Speeds up to 200 cartons per minute
- Small footprint requires less floor space
- Touch screen user interface provides ease of operation and graphical machine feedback
- Direct drive servo-based design reduces maintenance, provides greater accuracy at high speeds and simplifies changeover
- Pre-designed infeed solutions provides flexibility in handling tubes, bottles, and blisters and literature
- Powered carton magazine provides ergonomic material loading
- Standard carton pre-break eliminates carton setup failures
- Captured main flight chains provide increased chain life and square cartons
- Quick change tooling reduces changeover time and ensures the quality of the first product out
- Robust design allows 24/7 operation
- Construction adheres to ANSI/PMMA B1.55.1 standard and cGMP guidelines
- Available pharmaceutical validation assistance documentation reduces commissioning efforts

# Continuous Motion Cartoner

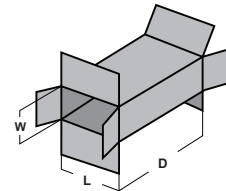

## Carton Styles

- Economy or full overlap glue end
- Straight tuck
- Reverse tuck
- Fifth panel cartons

CARTON PITCH	LENGTH (L)	WIDTH (W)	DEPTH (D)	MAXIMUM CARTON RATE
6"	0.75 - 4.0 in 19 - 100 mm	0.38 - 4.50 in 9.5 - 114 mm	3.00 - 7.00 in 76 - 178 mm	200 CPM

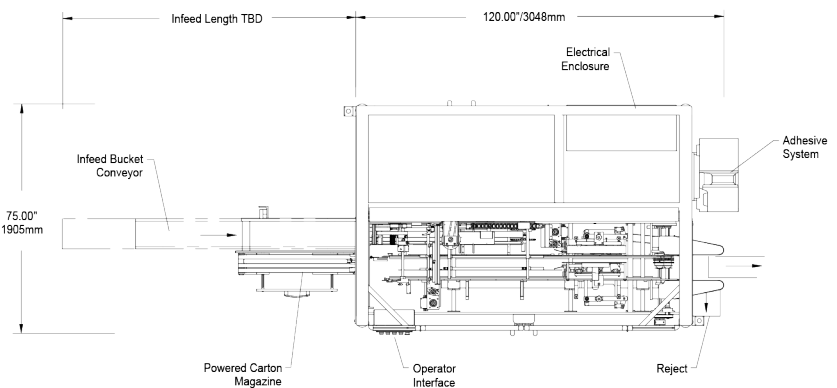

## Base Machine

- Carton Magazine: 40" long, powered, horizontal
- Carton Opening: Rotary carton setup system with vacuum pre-break
- Product Loading via barrel cam
- Carton Closing: Tuck and/or hot melt glue styles
- No Tool Changeover: Drop-in style magazine mask, and plows and guides, phaseable flights, quick release handles, digital indicators and mounted scales
- Operator Interface: Allen-Bradley touchscreen
- Logic and Motion Control System: Allen-Bradley
- Welded and ground powder-coated steel frame with rigid backplane with balcony style product transport system
- Power: 230 VAC, 3 Phase, 50-60 Hz
- Air: 5 CFM @ 80 PSI typical

## Optional Features

- Insert feeding
- Open flap detection
- Embossed coding/Inkjet printing
- Vision verification
- Barcode verification
- Pharmaceutical validation assistance documents
- Remote assistance
- Illumaguard®
